It is seen from the said report that an area of 434 acres of forest land is under cultivation unauthorisedly in Thithimathi Range. It is also stated that in some cases, unauthorised cultivation is going on since 1940 and most of the cultivators are reported to be Kadu-kurubas and labourers engated in forest works. The C.F. and the D.F.O. have opined that though the grant ~~was~~ of the areas under reference results in honey-combing and awkward boundaries of forest, it is advisable to give all facilities to the forest labourers so long as they are required for forest works. The CCF has recommended that the grant may be made on temporary lease basis subject to the condition that the encroachers should pay arrears for all these years during which they continued in the area un-authorisedly. If agreed to, the recommendation of the CCF may be accepted.

Appa,
Minsiter for Industries and Commerce,
Govt., of Mysore, Bangalore.

Dear Sh. Appa,

To day representatives of about sixty families, residing at Mathigod Forest area, Tittimatti, S.Coorg have sent you a copy of the petition filed by them to the Conservator of Forests, Coorg requesting the eviction order sent to them. A copy of the same has been sent to the Minsiter for Forests also.

They were recruited by the Forest authorities in the year 1959 from different parts of Coorg to work in the Forest area as mazdoors and they were allowed to cultiva the swamps there. Each family has cultivated about 3 acres. The total people living there would be over 600, inlcuding the adults and children. The Govt., have provided them with a nursery school and the Govt. also gave some of them supsidies for having brought the area under cultivation. Further susidies to others are also gramted but not yet paid. On 20.5.1962 these people have received a notice asking them not to cultivate the lands. This has caused great hardship, particularly so at this part of the year, when they have no hope of getting any other land anywhere to cultivate.

I had a talk with the Conservator of Forests today and promised to call for a report from the DFO, S.Coorg. He consideres them as encroachers. Though there is nothing to show in writing that they have been permitted to cultivate the lands, the circumstances are abundantly clear that that they were allowed to cultivate the lands. I request you to kindly put in a word to the Minsiter for Forests to instruct the Conservator to allow them to cultivate the area this year and the matter could be considered later regarding grant of the same to them are otherwise. It would cause great hardship to them if they are forbidden suddenly from cultivating this year. The Forest Dept. also gives them work only for a few days in a week during seasons, which would quite insufficient for them to make a living.

Thanking you and with regards,
Yours sincerely,

This is a letter from the President of Dec. Coorg. The mazdoors may be allowed to cultivate the lands during the current year as they were allowed before. To suddenly evict them may result in great hardship to the mazdoors. If the Conservator proposes to evict them, let him give adequate notice, and if it is absolutely necessary evict them next year after the harvest

PETITIONERS:- LANDLESS RESIDENTS OF MATHIGOD FOREST, THITHIMATHI, SOUTH COORG.

—:oOo:—

Petitioners beg to state as follows:-

1. We the undersigned signatories belong to different parts of Coorg. In the year 1959 the Ranger of Mathigod Forest (Shri. M. Apacha) and one Shri. Shingri Gowda, a social worker of Thithimathi invited us to go over to Mathigod Forest to work at Mathigod as Mazdoors in the Forest Department, cutting the jungle, burning jungle, planting teak, digging road preparing etc - and also cultivate the swamp area there with paddy. The latter was for our own advantage and use.

2. Eighty families with children etc., went there and have been residing there doing the above work and also cultivating area with paddy - about 3 acres each family. We have been attending to forest work also. Out of our effort we have brought about 200 acres of swamp under paddy

paddy cultivation with the greatest hardship and we have built a Nursery School and regular School also there for our children and for that Government also have given us a contribution. Government have been good enough to give necessary teachers also.

3. For the cultivation done the Government have given subsidy also to us at the rate of Rs. 50/- per acre.

4. Now we have been served with a notice C.4-5-138/62-63 not to cultivate the lands with paddy.

5. Most humbly we beg to state that the above has caused us great hardship and practically we are thrown out as beggars. In all we are about 500 people and all of us are very hard hit suddenly and we do not know what to do for our future. We have been doing our best to help the Government for the past 4 years in its work in the Forest Department and we do not know why we have been asked not to cultivate the lands, which is the only source of our livelihood

Thithimathi P.O. S.Coorg.

Sir,

We the above named settlers humbly beg to state as follows:-

We the agriculturists who were born and brought up in South Coorg went to the Thitmathi Forest about six years ago, being attracted by the lands allowed for cultivation simultaneously with our occupation as Forest labour. Each one of us is a Forest labour which the check-roll maintained by the Thithimathi range will bear out. In addition to our legitimate duties in the Forests, each one of us has brought about 3.00 acres of fallow lands under cultivation by the sweat of our brow. With the subsidiary income we were able to to realise by the cultivation of paddy, we were able to make both our ends meet.

Now we are threatened with eviction by the Range Officer, Thimathi for no fault of ours. He is forcing us to vacate the lands, the moment we harvest this year's crop, We and our families will be put into untold hardships if we are displaced from the lands we have improved by up-rooting herbs, grass, noje etc. with immense exertion for the last four to five years.

That we have received some pecuniary aid from Govt. bringing these lands under cultivation will be testified to by Govt. records. We have also contributed our mite to National Defence Fund.

In order to sustain us and our family, we must humbly beg that directions be issued to Forest authorities at Thithimathi restraining them from disturbing us from our evocation of paddy cultivation in the Forest lands at Mathigodu to augment our resources, in addition to our wages as Forest labour.

Praying our humble request be favourable considered.

The applications are the outcome of Departmental action taken to evict unauthorised cultivators of lands in the Reserved forest areas of Thithimathi Range. It is reported that an area of about 437 acres of forest land is under wet cultivation in South Coorg Division, unauthorisedly. It is further reported that the persons who are not forest labourers are also cultivating the lands. In view of this the Divisional Forest Officer, South Coorg took action to evict those who are cultivating forest lands and who are not forest labourers. Consequent on this, representations were made to Government and Government in their letter No. AFD 4764/62 dated 4-7-62 have directed to stay eviction proceedings. The Conservator of Forests Coorg Circle has reported that the matter is being investigated and suitable action taken against the unauthorised cultivators. He has promised to submit a detailed report after the matter is fully investigated. A final reply will be submitted to Government on receipt of Conservator of Forests' report.

Sir,

MYSORE GOVT. AGRL & FOREST DEPT (FEL) No. 67186 29 SEP 1964 Sri C.

Subject: Cultivation of Paddy in Swampy land in Forest area near Thithimathi Coorg, Mathigodu Reserved Forests.

Reference: Your reminder NO.AFD 36 FEL62, dated 31.12.1963.

In continuation of this Office letter NO.B3-GFL-7866/62-63, dated 12.8.1963 on the above subject, I enclose herewith a copy of letter NO.Mis(1) 185-206/EUC(LSS)/60-61 dated 13.4.1964 from the Conservator of Forests, Coorg Circle, along with its accompaniments on the above subject for perusal. It can be seen from the statements that an area of 434 acres of Forest Land is under cultivation unauthorisedly in Thithimatti Range. In some of the cases the unauthorised cultivation is going on since 1940 and most of the cultivators are reported to be kadukarubars and Labourers engaged on Forest works. Though the grant of the areas under reference results in Honey Combing and awkward boundaries of the Forests, the Divisional Forest Officer and The Conservator of Forests are of the view that it is advisable to give all facilities to the Forest Labourers so long as they are required for Forest Works.

It is pointed out in this connection that regularisation of encroachments as "Fait accompli" will be a sort of encouragement to the applicants and others to commit such irregular acts. However, since the lands are under cultivation for a numbers of years and also considering the need of labour for forest works, There seems to be no alternative except to regularise the occupation by granting it on temporary lease basis, subject to the condition that the encroachers should pay the assessment for all these year during which period they continued in the area unauthorisedly.

Orders of the Government may please be issued early for taking further action.

Yours faithfully,

Chief Conservator of Forests.

Adverting to the subject and reference cited above, I enclose herewith two statements pertaining to the authorised and unauthorised cultivation of Forest areas in Thithimathi, Kalhalla and Nagerhole Ranges.

It is seen from the above statement that only 5 persons excluding Forest Labourers are cultivating Forest land without proper authority. A large number of people who are residing in the Forest areas are Forest labourers out of which a large percentage is Kurubas (Hill Tribes). Kurubas are permitted to do kumri cultivation inside the Reserved Forests - vide para 21 - page 8 of the current working plan for Eastern Deciduous Forests of Coorg. Besides Kurubas, a large number of people including Harijans,etc, are engaged in our Forest works. Due to labour problem we have to give all facilities including accommodation to the above labourers so long as they are engaged in our works.Action will be taken to evict such people who are not Forest labourers and cultivating Forest lands without proper authority.

Copy of letter No.C4-38-793/62-63 Dated 23.3.1964 from the Divisional Forest Officer, South Coorg Division, Hunsur, to the Conservator of Forests, Coorg Circle, Mercara.

Subject:- Your letter No. Mis(1)185-206-EUC/60-61 dated 7.3.1964.

With reference to the above, I am to state that the li list of persons who are cultivating the Forest lands on lease basis and another list of persons who are cultivating the lands (Kurubas and Forest labourers) unauthorisedly along with the details such as the extent of area cultivated has already been submitted to the Conservator of Forest, vide this Office No.C4(C6-LND-830/2808/60-61) dated 25th May 1962 with reference to Conservator of Forest's letter of even No.dated 23.4.1962.

The nature of tree growth in the area already under cultivation is negligible. Even though the grant of the above areas results in awkward boundaries or honey combing of the Forest area we have to give all facilities including accommodation to the Forest Labourers so long as they are engaged in our Forest works. Further, the Government has ordered that the landless forest labourers may also be treated on par with the Kadukurubas and Yeravars in thematter of leasing Forest lands for cultivation, vide Chief Conservator's letter No.B5-11-LAQ-10363/62-63 Dated 4.10.1962 endorsed to you and copied to this office.

The information about the assessment for the rain fed wet lands(Hadlus) have not been received yet from the Revenue authorities inspite of reminders. In this connection I am to state that the rental for the next financial year has to be recovered from all the lessees urgently it is suggested that the lease amount due to the fact that the old rates were fixed long before 1955 and the value of land, cost of living etc., have gone high since last few years, and the same may kindly be approved.

Action will be taken to recover the enhanced lease amount of double the existing rates from the various lessees to avoid further delay in anticipation of approval by the Conservator of Forests. This matter has already been discussed with The Conservator of Forests, during the inspection of this Office on 17.3.1964.

ORDER NO.AFD 36 FGL 62, BANGALORE, DATED 7-12-64

READ

Letter No.B3-42-GFL-021/64-65 dated 28th September, 1964 of the Chief Conservator of Forests in Mysore, Bangalore.

PREAMBLE:

The Chief Conservator of Forests in Mysore, has reported that an area of 434 acres of Forest land is under cultivation unauthorisedly in Thithimatti Range and the same is being continued from a long time - most of the cultivators are Kadukurubers and Labourers engaged on forest works. The Chief Conservator of Forests has recommended to regularise the occupation by granting the area which is being unauthorisedly cultivated purely on temporary lease basis, subject to the condition that the encroachers should pay the assessment for all those years during which period they continued in the area unauthorisedly.
